III. WRITING (10 POINTS)

The emigration of skilled workers is a real problem for their countries of origin. Write an email to the editor of the web site www.globaldebate.org in which you explain why these people emigrate and suggest ways to encourage them to stay in their own countries.

Subject: talking about causes of immigration of skilled workers and suggesting some solutions of that.

Dear Sir,

I am writing to you this email in order to explain why skilled people ...
immigrate and to suggest some ways to encourage them to stay in their own countries.
This phenomenon is related to a lot of causes. First of all, a lot of skilled
people immigrate because they have low salaries and wages. More than that, in the
home countries, there is no intellectual freedom. Last but not least, they live
and work in a bad conditions.

To get rid of this problem, some measures should be taken by the
government. To begin with the rights of skilled people should be
respected. Moreover, they should have a big value in all societies by
giving them a good conditions of working and living.

That's all for now. I wish that you give an importance to my
suggestions. I am waiting for your answer as soon as possible.

Yours faithfully,
